

## **Equal Opportunities Policy**

The School aims to treat all members of our community – staff, pupils and parents- with appropriate care and respect irrespective of age, gender, creed, colour, race, nationality or disability. This policy has been drafted with due regard to the Equalities Act 2010.

1. The School offers education to boys and girls equally according to our admissions policy which aims to treat all children and parents equally and fairly.
2. The School makes provision for children with Special Needs according to the School's Special Needs Policy. This means the School aims to be active in assessing the needs of potential pupils with Special Needs and aims to make a positive response to a request from a parent with a Special Needs child. However, the School reserves the right to decline to accept or to continue to educate a Special Needs child within the terms set out in the School's policies on admissions, accessibility and Special Needs.
3. The School operates a complaints and review procedure that aims to treat all parents, staff and pupils equally and fairly. This complaints and review procedure is available to parents on request from the School Office.
